Charles H. Robinson, a veterinary widely known in Oxford County, passed away suddenly Thursday morning, April 8, at the home of his nephew, C. Verne Webber, Norway, where he had been since the first of March. His age was 72 years. Mr. Robinson spent the winter of 1919 in Michigan and was in excellent health when he returned to his home in Norway. He contracted a severe cold contracted on the way developed into influenza and pneumonia which he could not rally.

He was born in Balwin, the son of Orville and Hannah Robinson, both natives of Bridgton. He started to earn an independent living at an early age and a fondness for horses led him into livery business. Although considerably under military age, he enlisted and served during the last of the Civil War with a Maine Company. During the past thirty years he has lived at Oxford, Norway and Livermore Falls, where he practiced as a veterinarian over a wide territory.

Mr. Robinson is survived by two sons, Harry L. Robinson of Belfast and Reginald E. Robinson of the General Motor Co. at Jackson, Mich. His wife was Lizzie Cash of Oxford, died many years ago.

Wanted Relief From Abuse  
This "drive movement" is something dreadful and should be avoided. Isn't there any let up for those who have been on the rack for war purposes for the last four years? Seems not as the churches have now taken up "the drive" business and our office mail is flooded with appeals for free advertising.

It comes in broad sheets and big envelopes. The organizers are spending money for stationery and postage as drunken sailors do for whiskey. I'm tired of this "drive business" and want to be let alone.

I wish Postmaster Burleson would charge one dollar an ounce on all such matter going through the mail. I want relief and there are others who do, but dare not ask for it.

Sergeant J. W. Digh of the Portland recruiting station, who has been in town several weeks, is located in Gorham, N. H.

The Aeolian Quartette of South Paris sang at the Easter exercises at the Universalist church, Sunday afternoon.

Dora McLane has given up her work at Portland because of a throat trouble and returned to Norway. She is visiting friends in Auburn and Lewiston this week.

#### SOUTH PARIS

Interchurch Conference  
The Oxford County Conference of Inter-Church World Movement was held in the Congregational church at South Paris, April 7th with a very good attendance.

The session was opened at 10 a. m., with devotional service led by Rev. Mr. Finnie of Lewiston. Mr. Finnie stated that the problem of the church is to make it possible for every man to hear the gospel of Jesus Christ not only in his own tongue, but also to make it clear to him.

Dr. B. S. Hudson followed with talks on the "United Financial Campaign" of Inter-church World Movement. Dr. Hudson told very clearly how the financial end is to be handled.

After a short discussion of the above subjects the session adjourned for dinner which was served by the ladies of the church.

Following the dinner Dr. Huntley, a returned medical missionary from China was introduced and gave a very interesting talk on conditions in China at the present time as contrasted with conditions 30 years ago, when he first went to China. During the afternoon session Dr. Huntley spoke on the topics "Evangelism" and "Medical Missions." Rev. Harry Trust spoke on "Composite Denominational Work." Dr. Hudson gave a very comprehensive outline of the Foreign Survey and what is to be accomplished. Dr. Hudson said the laymen must be the ones to evangelize the community and lead the pastors on.

A. A. Heald of Waterville spoke on the topic, "Home and County Surveys." Mr. Heald said no business enterprise is ever undertaken without first making a survey. So this movement has been preceded by a survey made by local men who are familiar with local conditions.

Chairman—Clarence Morton, South Paris.  
1st Vice Chairman—Charles L. Buck, South Paris.

Denominational rallies were held to discuss the financial campaigns to be launched by the separate denominations. The evening session consisted of devotional exercises, Woman's address by Mrs. Alice Kyle of Bethel, and Composite Survey Lantern Address by Mr. Finnie of Lewiston.

Whitney-McAllister  
Howard S. Whitney of Harrison and Erna P. McAllister were married Saturday afternoon, April 3, the ceremony being performed by Rev. Chester G. Miller of the Universalist Church, the single ring service being used.

The bride is the daughter of Mr. and Mrs. Fordyce McAllister of South Paris and the groom is the son of Mr. and Mrs. Fred Whitney of Harrison. The couple will reside in Harrison.

Gladys Damon is closing a service of seven years as assistant at the South Paris post office and will find employment elsewhere. At the meeting of the G. O. P. with Elizabeth Muzzy, Thursday evening, Miss Damon was presented a chafing dish by members of that club.

The several schools which have been suspended for three weeks, reopened Monday morning. Nina Butterfield will not return to the Shurtleff Primary school because of ill health, and Julia P. Morton takes her place. Mrs. Agnes Benson of Oxford takes the eighth grade, a division, to fill the vacancy caused by the resignation of Doris Webb of Winthrop. Mrs. Ralph R. ## Plenty of Proof

From People You Know—From Norway Citizens

The greatest skeptic can hardly fail to be convinced by evidence like this. It is impossible to produce better proof of merit than the testimony of residents of Norway, of people who can be seen at any time. Read the following case of it: M. M. Kilgore, Danforth Street, Norway, says: "I had backache and rheumatic pains for more than a year, caused by disordered kidneys. My kidneys acted irregularly and I was so lame and sore across the small of my back I could hardly stand. At night I rested but little, and was feeling miserable most of the time. I finally got Doan's Kidney Pills at F. P. Stone's Drug Store and a few boxes cured me."

## Permanent Results

Over seven years later Mr. Kilgore said: "I gladly recommend Doan's Kidney Pills again as I am still a firm believer in them. The cure Doan's gave me has proven permanent."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Kilgore had. Foster-Milburn Co., Mrs. Buffalo, N. Y.

## Feel blue

Some mental disorders, periods of depression, etc., are definite reactions from imperfect or sluggish action of the digestive organs. In these cases, 1 or 2 doses of "L.F." Atwood's Medicine will dispel the gloom and restore an active, hopeful mental condition, by removing the cause. Headache powders and unreliable tonics may give temporary relief, but the safe, natural processes that this well-known remedy set in action can have no harmful effect.

It is well to keep a generous supply on hand, and to take small doses regularly. This will improve your general condition, enable you to work better, and give a fuller enjoyment of life. There is no cheaper health insurance. Buy a large bottle today, 60 teaspoonful doses for "L.F." Medicine Co., Portland, Maine.

## New Ambition For Nervous People

The great nerve tonic—the famous 5 grain tonalite tablets—that will put vigor, vim and vitality into nervous, tired out, all in, despondent people in a few days. Anyone can buy a box, they are inexpensive and A. L. Clark Drug Co. is authorized by the maker to refund the purchase price if anyone is dissatisfied in accordance with guarantee in each large box. Thousands praise them for general debility, nervous prostration, mental depression and unstrung nerves caused by overindulgence in alcohol, tobacco, or overwork of any kind. As a brain food or for any affliction of the nervous system tonics is unnecessary while for hysteria, trembling and neuralgia they are simply splendid. Mail orders filled for out of town customers.

## KEZAR FALLS

Interest centered Easter morning on the Porter side of the Ossipee river, where above the dam, but in comparatively calm water, Rev. Mr. McLucas of the Advent church baptized several converts by immersion, who certainly had the courage of their conviction. The atmosphere registering thirty-eight degrees above zero and the water thirty-five. Mr. McLucas has been a zealous worker and well deserves the success which has crowned his efforts.

Mrs. Fred Stanley will be greatly missed here, a most capable, efficient worker in all the needs of the church and social life of the village, but our loss is Standish's gain.

## A WORLD REBUILT

By the Golden Rule  
not by the rule of Gold

THIRTY denominations of the Church are uniting in a simultaneous campaign in the week of April 25th-May 2nd.

They are uniting because the task before the Church is too great for any one denomination; because there must be no duplication of effort; no waste.

These churches know that the world needs many things; but it needs Faith most of all.

They know that there can be no final solution of our economic problems that is not a spiritual solution, based on the teachings of Jesus Christ and His Golden Rule.

They have had the courage to survey the whole task, and to ask for a budget large enough to sustain (1) the work abroad, (2) the work at home including the church's part in the huge task of Americanization, (3) the colleges and (4) hospitals supported by the Churches, (5) the religious training of the young, and to provide (6) a living wage for the Church's ministers.

The budget is large in the aggregate; yet if each person who loves America would increase his contribution by only a few dollars the whole amount would be easily subscribed.

We face the task of rebuilding the world. Let the cornerstone be a strong and vital church in every American community; and the measuring rod by which the builders build must be the Golden Rule.

#### Hired Girl Wanted in City

Bro. Evans of Dover writes the following story as a suggestion:

"The Portland woman who wants a 'hired girl' is having the same experience doubtless, as did the N. E. woman who moved to the West. She took a good looking girl with her to help in the house, but the girl soon married a cowboy. She sent East and got a second, but soon lost her in the same way and as I recall it, a third one followed the others."

With this experience with good looking girls in mind, she sent East for another girl, but of a different type. The girl arrived in due time and soon after her advent a cowboy called at the front door for a drink of water. The lady sent him to the kitchen and in a few minutes he strolled back and said to her, "I think you have a girl now that you can keep."

No doubt the Portland lady would prefer a "homely" girl, but she will have to go out of Oxford County to get one, possibly an "old" in the Piscataquis Observer might have the desired result.

If, however, any of the good looking girls or even a plain one wants to go to Portland and try this job (it is one of the best in the city) name and address furnished by phone or mail at this office.

Mell Sampson has gone to work!

Think of it! He is booming logs in the fire slash on the lake.

C. D. Waters, who at one time operated the Grand Trunk Railway as far as Norway was concerned is now engaged in educating the shippers of granite at Barre, Vermont, under the title of "Traffic Manager."

This conclusion is drawn from reading the house organ of the Manufacturer's Association, which this month is embellished with his picture and three articles from his pen.

BRIDGTON, MAINE

#### BRIDGTON ACADEMY NOTES

The basket ball season at Bridgton Academy was brought to a successful and happy end on Thursday evening, March 25, when Principal and Mrs. Sampson tendered to both the boys and girls' basket ball teams an excellent banquet served by Mrs. Massey, a stewardess who has been at the academy for many years and has many loyal friends among the students and alumni.

At 7:30 the doors of the gymnasium were thrown open and the teams were ushered into the adjoining dining room where at each place was found a miniature rubber basket ball with each player's name on it.

After a most bountiful and well served banquet, during which cheers and songs were in order, chairs were pushed back and the folding doors into the gymnasium were opened so that the entire student body listened to the after dinner speaking. Mr. Monk, sub-master, acted as toastmaster and carried off these honors in his usual fine and pleasing manner, introducing the various speakers in well chosen words. The following toasts were responded to and greatly enjoyed by all present. Plans for next year, Erion Abbott, athletics for girls in the dormitory, Kathleen McIntire; athletics as a school advertisement, Roger Libby; benefits from our trips, Julia Morse; supporting athletics, Raymond Saunders; our handicaps, Lubbelle Warren; joys and sorrows of students, Mr. Sampson; individuality in athletics, Mr. Sampson. It was a great sorrow to all present that Ralph Wentworth, captain of the boys' team was unable to be there because of sickness.

After the speeches all adjourned to the gymnasium where games and dancing were in order for an hour.

When the District Superintendent made his last official visit he offered to give them a fund of two hundred and fifty dollars if they would raise another two hundred and fifty dollars the coming year for repairs thus making a thousand dollars for repairs. ## Too Much Appetite

may be as dangerous as too little

When the skin is sallow or yellow, the eyes dull, the head aches or sleep broken and unrefreshing, the back aches, or there is a pain under the right shoulder blade—it is an indication that the body is being poisoned by poorly digested and imperfectly eliminated food-waste. ### SPRING

When a man buys a car to-day the first important step is to find the right garage in which to store it. He should not only consider the garage from the standpoint of storage, but from the point of view of service which that particular garage is capable of rendering. In the early days of automobiles, the garage business was an experiment, to-day it is a study. Many garages have experimented in inferior grades of oils, greases, supplies and repairing and have failed. We study.

## TALK IT OVER—AND TALK AGAIN

When two neighbors enter into a dispute there are usually two sides to the question at issue, with merit on both.

If each is willing to talk it over dispassionately it is not difficult to effect an amicable adjustment. But if one or both are stubborn, they come to blows, one gets kicked, and the other is punished by the courts or his conscience.

Talking it over is a good thing. It is a jewel to be fostered and encouraged among people. It brings to light the good and the weak points of both sides, inoculates an element of self restraint into turbulent dispositions, and preserves that spirit of amity which supplies the sunshine of our community life.

Talk it over by all means—and if at first your talk does not succeed, talk again.

## THE CITY COUSIN HAS NOTHING ON THE FARMER'S SON

whose father has taken him into partnership—given him a "say so" in the way the farm shall be run and a share in the profits.

The city cousin lives in cramped quarters and pays a big rent; pegs away day after day in some stuffy office or shop and makes money for some one else; while his pay may seem large, it is barely enough to cover the high cost of living in the city.

At this bank we consider Farmer & Son a very substantial concern to do business with. "Farmer" has the long practical experience, while "& Son" has big plans and the youthful vigor to carry them out.

Such a team gets liberal treatment at this bank, because we figure it is bound to win.

CLEANED THE POISONS FROM HIS SYSTEM

MASSACHUSETTS MAN GRATEFUL

Somerville, Mass. A well-known citizen of this city, who has suffered in the past, writes the following to Dr. J. F. True & Co.:

"I have taken all kinds of laxatives, but none of them cleaned the poison from my system as your Elixir will. I know what to use hereafter considering the effects it had on me, as I feel myself actually healed. I was a real cleaning which only your Elixir gave."

Other physics I have taken merely passed through my bowels, and did not cleanse the system.

Dr. True's Elixir has relieved thousands of sufferers during the last 68 years. Imagine a prescription actually lasting so long, without change and doctors go, but Dr. True's Elixir, the Famous Worm Expeller, which was given the world by Dr. True, is as of old, the best friend to be found in your medicine closet.

Symptoms of Worms: Constipation, swollen upper lip, deranged stomach, sour stomach, offensive breath, hard and full belly, with occasional gripings and pains about the navel, pale face, loss of heat, eyes heavy and dull, twitching eyelids, itching of the nose, itching of the rectum, short dry cough, grinding of the teeth, loss of appetite, sticking out of the tongue, starting during sleep, slow fever.

No Harmful Drugs—Recommended by physicians. ALL DRUGGISTS. Dr. J. F. True & Co., Auburn, Me.

## Vacant Lots

I have plans for several houses and am getting the figures together to enable me to make prices complete. Naturally these houses will require lots and in order to be in a position to furnish reliable information as to cost I would be pleased to have anyone owning a lot they desire to dispose of to give me through the mail location, size and price. It would be of no use to see me personally as I shall figure from price asked for lot and the owner must be the judge.
